

CARRINGTON WHARF.

Standing Committee on Public Works

SIMPLIFYING LEGAL PROCEEDINGS.

Alderman J. F. Wallis, East Maitland, said he was in favor of the conference provision should be made in the Local Government Extension Bill so that the provisions of the Act of Parliament or under any bylaw now or hereafter passed by any council, or any committee, or any person constituting or acting as such, shall be required in any Court of Law or in any court of appeal, or in any authority municipal council; (b) of any specific general order or authority to appear for or against any person or persons in any civil or municipal council except

age of over half a mile. The dyke
had now reached a point beyond which
water could only be maintained by fre-

of over half a mile, and the water could only be maintained by frequent and costly dredging. It is proposed that the basin be enlarged considerably by the large quantities of material brought down by the river from the advantage that, being situated in the middle of the basin, it was deposited in it, the only material is precipitated in its comparatively shallow water. The material is carried in suspension by the tide and the basin was in a suitable and convenient position second was the area some further distance from the town, and was put to the test the feasibility of the scheme.

result showed that the rock was from 44ft below low water, or more than 100 ft below the low water mark. A clause should be inserted in the Local Government Extension Bill providing for the Government to contribute towards the cost of the survey.

ment showed that the proposed clause should be inserted in the Local Government Extension Bill providing for the establishment of a separate account for municipalities being levied upon for defending actions law and that only the funds raised for such purpose as such legal proceedings held liable for any such damages or costs be paid forward as an illustration of necessity for the proposed legislation. It was also pointed out that it would be necessary in connection with the administration of the Public Nuisances Act. Had it not been so, the obligation would have been

THE FISHERIES REPORT.

The annual report of the Fisheries Department to the Legislature was laid upon the table of the Assembly on Tuesday night. It mentions that the Government has been advised by Mr. J. H. Wan, K.C., who has been consulted with the administration of the department for several years and is a member of the Government, that the receipts for the fishery work, and the expenditure for the same, are not sufficient to meet the requirements of the fishery work.

CALAMITOUS TYPHOON.

IN THE CHINA SEA.

VESSELS PILED UP ON LAND.

GREAT LOSS OF LIFE.

LONDON, Sept. 19.

A disastrous typhoon has occurred in the China Sea. At Hongkong upwards of 100 people were killed, and at Canton many hundreds of lives were lost.

The damage at Hongkong is estimated at several millions of dollars.

Eight steamer were stranded, and several foundered. There were numerous collisions.

The American vessel S. Hitchcock was cast high and dry on the seaway at Kowloon, on the mainland, opposite Hongkong.

A tug by constantly towing saved the Canadian mail steamer Empress of Japan from being driven ashore.

The British war ship Phoenix and the French destroyer Franconie were wrecked. Several gunboats were damaged.

The French destroyer Franconie came into collision with another vessel, and both boats were lost, their crews numbering 20.

No warning was given of the storm. Many lives were suddenly piled on the streets of Victoria.

The chief fatalities were among natives, hundreds of whose boats were sunk in Canton river.

RAILWAY DISASTER.

TRAIN FALLS INTO A RIVER.

MANY LIVES LOST.

LONDON, Sept. 19.

A terrible disaster is reported from Oklahoma, a railway train falling into a river and many lives being lost.

Owing to the track yielding, the train, while running on an embankment on the Cimarron river, was hurled over, and the territory was precipitated into the river.

First reports stated that 100 people were drowned, but a later account states that some were saved.

to the opinions that are current among the financial experts, the money market, and the Government, concerning our credit, and the causes that have operated to produce the serious fluctuations to which I have alluded.

The Government made an exhaustive report on the whole subject; and as the general public are probably not familiar with its contents, I will quote some of its conclusions, in order to account for the deplorable depreciation which my countrymen have suffered from the sale of the public lands.

The departmental staff has been decreased from 732 permanent and 58 temporary officials to 300 permanent and 30 temporary officials.
